

Partner search overview

Regional Partnerships

- A - We would like to become a member of a Regional Partnership
 B - We are looking for (a) partner(s) to complete a Regional Partnership

Region or city	Contact person	Thematic priority	Proposal(s)	A	B
Ukraine	Yuliya Chufistova yuliya.ch@mayorsclub.org	Cohesion and growth for the future	As a NGO Mayors' Club which unite 652 members, active Ukrainian mayors, we work on expansion of regional partnerships to implement specific projects with an emphasis on economic, cultural and educational interaction	Yes	Yes
Bucharest-Ilfov Romania	Simona Curpan simona.curpan@adrbi.ro	Cohesion and growth for the future	Title: "Shaping the Future of Urban Cohesion in Bucharest-Ilfov" As part of Romania's capital region, the Bucharest-Ilfov Regional Programme 2021–2027 supports a smart, green, and inclusive transformation of the most urbanised and dynamic region in the country. In this session, we aim to share	Yes	No

			<p>insights on how we are using EU cohesion policy to foster sustainable urban development, reduce territorial disparities, and unlock the full potential of both metropolitan and peri-urban areas. We will showcase flagship initiatives focused on: integrated urban mobility and green infrastructure; digital transformation for smart city solutions and supporting local communities and businesses through innovation and resilience strategies.</p> <p>Through this exchange, we hope to connect with other regions and cities facing similar challenges, and contribute to the collective dialogue on how to ensure every territory—no matter how urban or rural—has the right to thrive.</p>		
Beregovo	<p>Hei Arnold</p> <p>arika90530@gmail.com</p>	Cities building tomorrow	<p>Dear Partner,</p> <p>We are currently seeking cooperation for a small town in Ukraine in need of support in various areas — especially in waste management, sustainable technologies, or even used machinery and equipment that may be decommissioned but still restorable. We are committed to refurbishing and repurposing these tools locally, using them for community development and educational initiatives. Our aim is to support sustainable growth, create jobs, and improve local living conditions. Any form of support is welcome — from equipment donations to knowledge sharing or logistics. Thank you very much for your consideration and potential cooperation.</p> <p>Best regards, Arnold</p>	Yes	Yes
Berlin	<p>Steve Danesch</p> <p>steve.danesch@senmvku.berlin.de</p>	Cities building tomorrow	<p>In our UrbFRail project we developed tools to support the development of inner-urban rail freight stations, to reduce congestion and CO2-emissions. The tools can apply to specific local needs and conditions. They are made available to everyone on the UrbFRail Learning Platform.</p> <p>EURegionsWeek would be a great opportunity to share our results and discuss those and other challenges and opportunities in railway transport and/or urban logistics with EU representatives and other cities and regions.</p>	Yes	Yes

Konin	Emilia Wasielewska e.wasielewska.emilia@gmail.com	The right to stay: unlocking the potential of every territory	Can Integrated Territorial Investments (ITIs), Functional Urban Areas (FUAs), and "Article 11" cities unlock their potential by working together? Our proposal explores how coordinated governance, shared strategies, and cross-sectoral investments can empower these territories to address common challenges and drive sustainable, cohesive growth.	Yes	Yes
Municipality of Súdwest-Fryslân	Rutger Hoekstra r.hoekstra2@sudwestfrysland.nl	Cohesion and growth for the future	We are researching the possibilities to host a Political Debate during the EWRC 2025 on the topic of Resilient communities. There's a lot of pressure on our local communities in terms of quality of life. At the same time we are noticing that different groups are distancing themselves from participating in society. We are looking for other regions with the same difficulties.	Yes	Yes
Autonomous Province of Vojvodina	Nikola Vucurevic vucurevic@vojvodinahouse.eu	Cities building tomorrow	Novi Sad, the second largest city in Serbia, is steadily transforming into a model for future urban development. With a unique blend of tradition and innovation, Novi Sad is embracing smart city solutions, green infrastructure, and inclusive urban policies to create a more sustainable and liveable environment for citizens.	Yes	Yes
Maramures County Council	Paul Szaniszlo paul.szaniszlo@cjmaramures.ro	Cohesion and growth for the future	We look for potential partners in a common event at EWRC	Yes	No
Castilla y León	Cristina del Canto Mozas ccanto.ccaa.cyl@reper.madec.es	The right to stay: unlocking the potential of every territory	Topic: Civil Protection. Raising public awareness, especially in cross-border contexts, of the risks and emergencies that may arise and how to respond to them.	Yes	Yes
Republic of Srpska	Nemanja Malic n.malic@rep-srpska.eu	Cities building tomorrow	We propose to showcase how cities and municipalities in the Republic of Srpska are advancing sustainability, digitalisation, and citizen-led development. The focus is on smart solutions, green infrastructure, and the role of Local Action Groups (LAGs) in shaping inclusive and future-ready urban and rural areas through EU cooperation and funding.	Yes	Yes

Regione del Veneto	Chiara Rossetto bruxelles@regione.veneto.it	The right to stay: unlocking the potential of every territory	The right to stay: ensuring local mobility for vibrant territories The ability to remain in one's home territory depends heavily on quality transport services. Sessions should explore how to organise accessible and sustainable mobility, showcase good local practices, foster exchange between regions, and address the specific challenges of remote and cross-border areas, where transport is often a key factor for social inclusion and economic development.	Yes	Yes
Regione del Veneto	Chiara Rossetto chiara.rossetto@regione.veneto.it	Cohesion and growth for the future	Cohesion and Growth of the Future: shaping mobility for sustainable development. Modern cohesion and growth policies must integrate smart, sustainable transport as a driver of inclusion and competitiveness. Sessions should highlight how mobility systems can support EU priorities, simplify access across regions, and enable effective investment and reform. Special attention should be given to cross-border and outermost areas, where improved connectivity is key to unlocking local potential and fostering long-term prosperity.	Yes	Yes
Montenegro – Podgorica	Kana Tomasevic kana.tomasevic@gmail.com	The right to stay: unlocking the potential of every territory	I'm representing Montenegrin National Control Body within Ministry of Finance, the body in charged for control of eligibility of expenditure of Interreg programs Montenegro participating (Croatia - BiH - Montenegro, South Adriatic, ADRION, Danube, Euro-MED, URBACT IV and Interreg Europe). Ministry of Finance is national institution of Montenegro, a country who will, hopefully, become the first next EU Member State. There is enduring friendship between Montenegro and EU member states, emphasizing support for Montenegro's European integration and efforts to improve our business and living standards. Since starting accession negotiations in 2012, Montenegro has greatly aligned its legislation with the EU Acquis and made significant efforts to improve its living standards. In Montenegro, we often speak of firmness, quality, and seriousness, as seen in EU. Therefore, we would like to strengthen Montenegro so that these virtues can also become our guiding principles in developing our country, so we can become EU Member State until the end of 2028.	Yes	Yes
Berlin	Amrei Muenster amrei.muenster@senmvku.berlin.de	Cities building tomorrow	With support from the European Union, the Berlin Program for Sustainable Development (BENE 2) provides funding for the implementation of sustainable solutions for climate protection and climate adaptation throughout the City of Berlin. One key focus of the program is to promote urban quality of life and the	Yes	Yes

			<p>functionality of green and blue infrastructure. Measures to secure or create climate relief areas and to protect biodiversity by redesigning urban surfaces with nature-based solutions and the sponge city principle can make an important contribution to sustainable, heat-adapted cities and to water-sensitive urban development.</p> <p>On the EU week of Regions and Cities, we aim to connect and exchange with other cities focusing on climate adaptation and biodiversity conservation through nature-based solutions and the sponge city principle.</p>		
Département of Gironde	<p>Emmanuelle Ripon</p> <p>e.ripon@gironde.fr</p>	The right to stay: unlocking the potential of every territory	Access to public services in matter of social-rights or health could be an issue in some territories. Those difficulties have impact on other and could increase precarity and isolation. We would like to share and discuss solutions and idea lead or implement by regional and local authorities to tackle this phenomena.	Yes	No
Iasi County Council	<p>Ioana Danila</p> <p>gioanadanila@gmail.com</p>	The right to stay: unlocking the potential of every territory	<p>The main focus of a proposal could be literature and its impact on tourism and the sense of belonging</p> <p>Strong points for Iași regarding this topic:</p> <ul style="list-style-type: none"> - Iași International Festival of Literature and Translation – FILIT (one of the largest in Europe) - Member of UNESCO’s Creative Cities Network (Literature) - Strong community engagement (from school) with literary museums, libraries, competitions and book launches. - Cross-border cooperation for museum rehabilitations (with the Republic of Moldova). - Efficient use of cohesion funds for repurposing heritage buildings <p>If any other cities or regions are interested in this topic, please contact us.</p>	Yes	Yes
Channel Islands	<p>Lauren Sanders</p> <p>lauren.sanders@channelislands.eu</p>	The right to stay: unlocking the potential of every territory	We are looking for partners to explore the theme ‘The right to stay: unlocking the potential of every territory’. We are looking to explore how to use public realm to regenerate and integrate communities: how placemaking and regeneration can lead to tangible benefits for residents in our communities and regions.	Yes	No
Lubuskie Region	<p>Maciej Nowicki</p> <p>m.nowicki@lubuskie.pl</p>	Cohesion and growth for the future	We would like to take part as a partner in a workshop about regional policy, cohesion funds, Interreg cooperation	Yes	No

Pomorskie	Ula Sokolowska u.sokolowska@pomorskie.eu	The right to stay: unlocking the potential of every territory	We would like to showcase a good example in the topic of vocational education and focus on the importance of skills development.	Yes	Yes
